"ere to Jim Garrison Via Andrew Sciambra re:Thornley:

The woman who then lived in Rockville, Md., and phoned me some time ago to tell me she had known ~~xxxxxxxxxxxxxxxxxxxxxxxx~~ Thornley when they both worked for Kent Courtney is Mrs. Brian Carey. Her then phone number is 424-6293, a Rockville number. Dialing it now produces a recorded announcement saying that the customer has moved out of town and the new number is not yet available. I presume there would also be a change of address at the Rockville ...

From the length of the conversation, which I taped, my notes are very brief and pretty illegible. What I can make out includes these words:

"In Mex & N.O. When O was".

"Thornley at Habana Bar". "Also Bourbon House".

"Mex _____-had a ship ran TV & washers to Cuba-poss guns-degree Chapel Hill."

"Thornley close to . 12-13 .... over restaurant- 1962 Carlos_____ Mex.talk Carlos-had radio on long range communication. Thornley there constantly. End of Th. had new mag in Sun Times 8/26"

As best I can, I'll attempt to get in touch with Mrs. Carey.

The inference of the note is that she knew Thornley and Oswald were in Mexico the same time, which would be exciting.
